### FOR IMMEDIATE RELEASE

Date: January 12, 2024

### Community Health Assessment Results to be Presented

**Paulding** – The Partners for a Healthy Paulding County, facilitated by the Paulding County Health Department, have been working to complete a new Community Health Assessment for Paulding County. The assessments have been completed and the results are in!

Community members are invited to attend the unveiling of the Paulding County Community Health Assessment on Thursday, January 18, 2024 at the Paulding County Health Department, Paulding.

At the meeting, the results of the different assessments will be shared. Those assessments include:

- **Community Health Status Assessment:** community survey to citizens.
- **Community Themes and Strengths:** focus groups and key informant surveys with a variety of community groups and individuals.

The public is invited to celebrate the completion of the Community Health Assessment and review this important information about the health of Paulding County. This information will be used later to develop a Community Health Improvement Plan to address the health needs of the county.

The draft can also be found on the Paulding County Health Department's website [www.pauldingcountyhealth.com](http://www.pauldingcountyhealth.com). The draft will be open for comment until January 25, 2024.

**END OF RELEASE**

For information regarding this press release, please contact **Bill Edwards, PIO, Monday through Friday from 8:00 am to 4:00 pm, at (419) 399-3921.**
